

**What best place to start a new
healthy food restaurant in Toronto?**

Problem Statement

Toronto is one of the biggest cities in Canada, and it is the most populous Canadian city.

However, the percent of adults that had an overweight/obese status is always increasing until now! In fact, it is due to many reasons including the lack of restaurants which provide healthy food!

Target Audience :

...

- People suffering from obesity.
- people who follow special diets.
- Many business man, investors and
- People used to consummate healthy food as part of their culture (people from Sweden as example)

Data acquisition and cleaning

...

“https://cocl.us/Geospatial_data” csv file to
get all the geographical coordinates of the
neighborhoods

dataset of Toronto city which contains information
about its Boroughs and Neighborhoods
(https://en.wikipedia.org/wiki/List_of_postal_codes_of_Canada:_M)

data from Foursquare API for
each neighborhood within a
radius of 500 m

Final Clusters :

...

0

neighborhoods with high number of Gym/ Fitness Centers and fewer Vegetarian / Vegan Restaurants

1

neighborhoods which are densely populated with Gym and yoga centers, the same as the number of Vegetarian / Vegan Restaurants

2

neighborhoods with a good number of Gym/ Fitness and yoga centers, and has least number of Vegetarian / Vegan Restaurants.

3

neighborhoods with the higher number of Vegetarian / Vegan Restaurants

Conclusion :

Regions in cluster 0 and 2 could potentially be a perfect place for starting quality healthy food restaurants.
